New Applicant

Applicants who received funding from Clean Vehicle Assistance Program, Driving Clean Assistance Program, Clean Cars 4 All Sacramento, Replace Your Ride, Tune-in & Tune-up, and Drive Clean in the San Joaquin or any other program deemed ineligible to be combined, stacked or received in addition to CCFA by the Air District or the California Air Resources Board are not eligible for the CCFA Program. Participants must retire their vehicle through Clean Cars for All and may not sell their vehicle or receive funding by retiring the same vehicle through the Consumer Assistance Program (CAP) or Vehicle Buy Back Program (VBB).

Retired Vehicle Eligibility

The vehicle to be retired must meet the following requirements:

- a. Model year 2005 or older (e.g. 2005, 2004, 2003, etc.).
- b. Gasoline or diesel-powered light or medium duty vehicle (up to 10,000 pounds Gross Vehicle Weight Rating [GVWR]).
- c. Currently registered to an individual with the California Department of Motor Vehicles (DMV) with a valid and unexpired registration sticker, or have all fees paid to the DMV and have a registration that has not been expired more than 120 days. Exceptions may be allowed, refer to Exceptions section below.
- d. Continuously registered in California with the DMV during the two consecutive years preceding the current registration expiration date, with no breaks in registration totaling more than 120 days. Exceptions may be allowed, refer to Exceptions section below.
- e. Vehicle must be functioning. Participant may be required to undergo a tailpipe smog check test, completion of an Acceleration Simulation Mode (ASM) test or completion of a functionality test performed by the Air District, GRID Alternatives, or authorized dismantlers.

Vehicle Exceptions

An unregistered vehicle or currently registered vehicle not meeting requirements (c) and (d) in the Retired Vehicle Eligibility section may also be eligible if proven to have been driven primarily in California for the last two years and not registered in any other state or country in the last two years. Documentation may include the following:

- Proof of insurance for two consecutive years, without lapses totaling more than 120 days; or
- Two invoices from an Automotive Repair Dealer registered with the Bureau of Automotive Repair. Invoices must be from two separate calendar years and the oldest may not be older than 24 months. Invoices must include the following:
 - Automotive Repair Dealer’s valid registration number
 - Name and address of the Automotive Repair Dealer
 - Description of a repair or maintenance operation performed on the vehicle
 - Vehicle year, make, model, and vehicle identification or license plate number matching the vehicle to be retired
 - Date of the repair or maintenance visit

Vehicles Not Eligible for Retirement

The following vehicles are not eligible to participate in the CCFA Program:

- Dismantled or salvaged vehicles that have not been reregistered pursuant to section 11519 of the Vehicle Code.
- Registered to a non-profit or business.
- Operated by a public agency or fleet licensed and registered pursuant to Health and Safety Code sections 44019 and 44020.
- Undergoing a transfer of ownership.

Grant Amounts

Your household income and the vehicle you choose will determine the amount of money you can receive from this program. You may also choose to turn in your old vehicle for a pre-paid card for public transit or e-bikes. Households of more than one person may purchase additional e-bikes with the \$7,500 grant.
