You have received this Public Notice because a permit application for the above referenced sources of air pollution has been filed with the District. A description of the proposed project follows:

The San Jose Unified School District has applied for permits to operate natural-gas fired turbines that will be used to generate electricity at Lincoln High School and Hoover Middle School. The turbines will also be used to heat each school's swimming pool.

William C. Norton
EXECUTIVE OFFICER/APCO

The District has determined that the increase in health risks resulting from toxic air contaminant emissions from the proposed sources are within acceptable levels and that the project will comply with all other applicable air pollution control requirements. Accordingly, the District intends to issue a Permit to Operate for the proposed sources.

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff reports by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at <http://www.baaqmd.gov/permit/pn.htm>.
