You are receiving this Public Notice because a permit application has been filed with the BAAQMD for the above referenced source(s) of air pollution. A description of the proposed project follows:

Emergency Standby Diesel Engine/Generator, Olympian, 117 HP, 75 kW

Jack P. Broadbent
EXECUTIVE OFFICER/APCO

The Bay Area Air Quality Management District has determined that the project will comply with all applicable air pollution control requirements and that the increase in health risks resulting from air contaminant emissions from the proposed source(s) are within satisfactory levels. Accordingly, the BAAQMD plans to issue a Permit to Operate for the proposed project.

If you are interested in getting more information on the BAAQMD's evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the BAAQMD at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the BAAQMD website at http://www.baaqmd.gov/pmt/public_notices/pmt_public_notices.asp
