

PUBLIC NOTICE

March 15, 2005

BAY AREA
AIR QUALITY
MANAGEMENT
DISTRICT

TO: Parents or guardians of children enrolled at the following school:

French American School

All residential and business neighbors located within 1,000 feet of the proposed new or modified source(s) of air pollution listed below.

FROM: Bay Area Air Quality Management District

RE: Permit Application for the following source(s) of air pollution:

**Mercurio Brothers Printing
2830 San Pablo Avenue
Berkeley, CA 94702**

Lithographic Printing Presses (4)

The Bay Area Air Quality Management District (the "District") is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source(s) of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source(s).

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source(s) of air pollution. A description of the project follows:

The source consists of four printing presses:

Lithograph Printing Press; Hamada 700 LD, 1 color unit

Lithograph Printing Press; Heidelberg SORD, 1 color unit

Letterpress Printing Press; Heidelberg Windmill, 1 color unit

Lithograph Printing Press; Komori Sprout 25 Model 425BP, 4 color unit

These presses are located at 2830 San Pablo Avenue, Berkeley, CA 94702. This equipment is used for various types of lithographic printing including but not limited to posters, banners, invitations, flyers, etc.

The District has determined that the increase in health risks resulting from toxic air contaminant emissions from the proposed source(s) are within acceptable levels, and that the project will comply with all other applicable air pollution control requirements. Accordingly, the District plans to issue a Permit to Operate for the proposed project.

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at:

http://www.baaqmd.gov/pmt/public_notices/2005/index.asp

PUBLIC COMMENT PERIOD

There is a 30-day period for public response to this proposal. If you wish to comment on the proposed project, you may do so in writing or by e-mail. Alternatively, you may call and leave a telephone message up to one minute in length. Please leave your name and telephone number so that a District staff member may respond to your message.

Please use the following contact information if you would like to comment on the proposed project:
