

BAY AREA
AIR QUALITY
MANAGEMENT
DISTRICT

PUBLIC NOTICE

March 16, 2006

TO: Parents or guardians of children enrolled at the following school:
Flowery Elementary School, 17600 Sonoma Way, Sonoma CA 95476

FROM: Bay Area Air Quality Management District

RE: Permit Application for the following source of air pollution:
Paint Spray Booth, Viking Model TDB-10B

T. Holleman & Co, Cabinet Makers and Designers
17528 Sonoma Highway
Boyes Hot Springs, CA 95416

The Bay Area Air Quality Management District (the “District”) is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source.

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source of air pollution. A description of the proposed project follows:

T. Holleman & Co. is applying for a Permit to Operate for a Spray Paint Booth. It will be used to apply coatings to the cabinets made at the facility.

The District intends to limit by permit condition the annual usages of coatings and solvents at the facility, thereby limiting potential toxic air contaminant (TAC) emissions to below threshold levels such that the project is not expected to cause or contribute significantly to adverse health effect.

The District has determined that the increase in health risks resulting from toxic air contaminant emissions from the proposed source are within acceptable levels, and that the project will comply with all other applicable air pollution

control requirements. Accordingly, the District plans to issue a Permit to Operate for the proposed project

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff report by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at:
