

BAY AREA  
AIR QUALITY  
MANAGEMENT  
DISTRICT

# PUBLIC NOTICE

April 25, 2006

TO: Parents or guardians of children enrolled at the following school:

**St. Mathew's Episcopal Day School**

All residential and business neighbors located within 1,000 feet of the proposed new or modified source of air pollution listed below.

FROM: Bay Area Air Quality Management District

RE: Permit Application for the following source of air pollution:

**Emergency Standby Diesel Engine-Generator Set  
Mas Asset Management Corporation  
181 Second Avenue  
San Mateo, CA 94401**

---

The Bay Area Air Quality Management District (the "District") is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source.

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source of air pollution. A description of the proposed project follows:

Mas Asset Management Corporation is applying for an Authority to Construct and/or Permit to Operate an Emergency Standby Diesel Engine-Generator Set to be used to generate electricity during emergency conditions. The diesel engine-generator is made by DEUTZ AG and has a maximum output rating of 185 brake-horsepower.

The District has determined that the increase in health risk resulting from toxic air contaminant emissions from the proposed source are within acceptable levels, and that the project will comply with all other applicable air pollution control requirements. Accordingly, the District plans to issue a Permit to Operate for the proposed project.

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at:
