

BAY AREA
AIR QUALITY
MANAGEMENT
DISTRICT

PUBLIC NOTICE

March 31, 2006

TO: Parents or guardians of children enrolled at the following school(s):

Pacific Rim International School

All residential and business neighbors located within 1,000 feet of the proposed new or modified source(s) of air pollution listed below.

FROM: Bay Area Air Quality Management District

RE: Permit Application for the following source(s) of air pollution:

Boiler
Chiron Corporation
4560 Horton Street
Emeryville, CA 94608

The Bay Area Air Quality Management District (the "District") is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source(s) of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source(s).

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source(s) of air pollution. A description of the proposed project follows:

The Chiron Corporation has applied for a modification to the Permit to Operate an existing boiler located onsite at 4560 Horton Street in Emeryville. The boiler is rated at 450 BHP and has a maximum firing rate of 18.96 MMBtu/hr. The Chiron Corporation has requested an increase in the limit of natural gas used to fire the boiler from 400,000 therms per year to 530,000 therms per year.

The District has determined that the increase in health risks resulting from toxic air contaminant emissions from the proposed source(s) are within acceptable levels, and that the project will comply with all other applicable air pollution control requirements. Accordingly, the District plans to issue a Permit to Operate for the proposed project.

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at:

http://www.baaqmd.gov/pmt/public_notices/2006/index.htm

PUBLIC COMMENT PERIOD

There is a 30-day period for public response to this proposal. If you wish to comment on the proposed project, you may do so in writing or by e-mail. Alternatively, you may call and leave a telephone message up to one minute in length. Please leave your name and telephone number so that a District staff member may respond to your message.

Please use the following contact information if you would like to comment on the proposed project:

Mailing address: Chiron Corporation Public Notice Response
