Dear Mr. Bui:

I am writing concerning the Proposed Renewal Title V Permit for Lehigh Southwest Cement Company in Cupertino, California.

The only comment that I have is that the big semi-trailers that haul cement from the company are polluting the air with noise and diesel soot from their engines as they go up and down Foothill Boulevard. I don't know whether you are the right person to contact, but if not, please forward this complaint to the correct entity.

Thank you for your consideration.

Very truly yours,

Jane R. Tubbs
