

This Advisory is provided to inform you about activities of the Air District which may affect your operation. It will help you achieve and maintain compliance with applicable air pollution regulations.

ATTENTION: DRY CLEANING OPERATIONS USING PERCHLOROETHYLENE (PERC)

SUBJECT: THIRD NOTICE – FACILITIES SUBJECT TO PHASE-OUT OF PERCHLOROETHYLENE (PERC) DRY CLEANING OPERATIONS REGULATION 11-16

On December 31, 2009, facilities using Perc solvent were required to declare:

- their intention to convert to an alternative (non-Perc) dry cleaning method and the expected date of installation for the non-Perc equipment, or
- the date Perc dry cleaning facility will stop operating.

Facilities must submit to the Air District a completed application for an Authority to Construct for the appropriate permit or exemption for the non-Perc equipment the facility intends to install.

As of **February 1, 2010**, our records show that you have not submitted the information as required. Please complete the questions on the second page and return this form or a completed copy of this form to BAAQMD Toxic Evaluation Section, 939 Ellis Street, San Francisco, CA 94109. Non-compliance with this request may result in citations and penalties.

If you have any further needs, please contact the District at the following sources:

- ☎ For questions regarding this Advisory, contact Janet Simon, Air Quality Specialist, at jsimon@baaqmd.gov or (415) 749-4780
- ☎ For questions regarding submitting permit notification, contact Marc Nash, Air Quality Specialist, at mnash@baaqmd.gov or (415) 749-4677
