## Proposed Renewal Title V Permit for Lehigh Southwest Cement Company

Date: **Thursday, Sept. 17, 2009**

Place: **Quinlan Community Center  
Cupertino Room  
10185 N. Stelling Road  
Cupertino, CA 95014**

Time: **6:30 PM – 9:00 PM**

*Air District staff will be available from 6:00 PM to 6:30 PM to discuss the Title V Permit Renewal informally and answer any questions.*

The Bay Area Air Quality Management District is proposing to issue a renewal Title V Permit for Lehigh Southwest Cement Company (formerly Hanson Permanente Cement), located at 24001 Steven Creek Blvd., Cupertino, CA 95014. The Title V Permit is a compilation of all existing applicable air quality requirements including emissions limits and standards, monitoring, record keeping, and reporting requirements. The Title V permit renewal is required every five years subject to public notice and the EPA review process.

The District is seeking input from the public on this proposed permit. The public is invited to submit written comments to the District, and also to comment in person at the public hearing. Written comments should be mailed to Thu Bui, Senior Air Quality Engineer, Bay Area Air Quality Management District, 939 Ellis Street, San Francisco, CA, 94109 via U.S. mail, or e-mailed to [tbui@baaqmd.gov](mailto:tbui@baaqmd.gov), or faxed: (415) 749-5030 and must be received by **October 1, 2009**. Further information is available by contacting Ms. Bui by e-mail or phone (415) 749-5119, and on the District's website at [www.baaqmd.gov](http://www.baaqmd.gov). Para obtener la información en español, comuníquese con Brenda Cabral en la sede del Distrito, (415) 749-4686, [bcabral@baaqmd.gov](mailto:bcabral@baaqmd.gov).

## NOTICE OF PUBLIC HEARING AND NOTICE INVITING WRITTEN PUBLIC COMMENTS

**NOTICE** is hereby given that the Executive Officer/Air Pollution Control Officer of the Bay Area Air Quality Management District invites interested persons to attend the public hearing and to submit written public comments on the proposed renewal of the Major Facility Review Permit for the following facility:

| Application | Facility # | Facility Name   | Address  | Type of Operation       |
|-------------|------------|---|--|-------------------------|
| 17947       | A0017      | Lehigh Southwest Cement Company<br>(formerly Hanson Permanente<br>Cement Company) | 24001 Stevens Creek<br>Blvd., Cupertino, CA<br>95014 | Cement<br>Manufacturing |

Major facilities are required to obtain operating permits under Title V of the 1990 Clean Air Act Amendments, the Federal Operating Permit Program and the District's Regulation 2, Rule 6 - Major Facility Review. The Title V Permit is a compilation of all existing applicable local, state and federal air quality requirements including emissions limits and standards, monitoring, record keeping, and reporting requirements.

The initial Title V permit for this facility was issued on November 5, 2003. Lehigh submitted an application for their renewal Title V Permit to the District on April 28, 2008. Since the initial issuance of the Title V Permit, the District has changed the equipment list to include source additions, modifications and exemptions. Also, the District reviewed and updated all Federal, State and Local requirements, standards, testing, monitoring, record keeping and reporting requirements. In addition, the District reviewed the compliance status of all sources. All revisions are noted and explained in detail in the Statement of Basis for the proposed renewal Title V Permit. Details of the previous revisions can be found in Section X of the permit "Revision History". All proposed changes to the current permit are clearly shown in strikeout/underline format.

The Air Pollution Control Officer invites written comment on any aspect of the proposed renewal Title V Permit. Comments must be received by **October 1, 2009**. The District also invites interested parties to attend the public hearing the District will hold for the purpose of receiving oral and written testimony from the public. The public hearing will be held from **6:30 PM to 9:00 PM on Thursday, September 17, 2009, at the Quinlan Community Center, Cupertino Room, 10185 N. Stelling Road, Cupertino, CA 95014**. Speakers will be limited to three minutes each. District staff will be available from 6:00 PM to 6:30 PM to discuss the project informally and answer any questions.

The Title V Permit must be renewed every five years with public notice and review by US EPA. If US EPA has not objected to a proposed permit and District has not addressed a public comment in a satisfactory manner, the public may petition US EPA, Region IX, Operating Permits Section at 75 Hawthorne Street, San Francisco, CA 94105, within 60 days after the end of US EPA's review, to reconsider the decision to not object to the permit. The beginning and end of EPA's review period can be found on the EPA Region IX website at: <http://www.epa.gov/region09/air/permit/index.html>.

The proposed renewal Title V Permit, Statement of Basis, renewal application, and other relevant documents are available for public inspection at the District Headquarters, 939 Ellis Street, San Francisco, CA, in the Engineering Division, 3rd Floor. For an appointment, please call May Leung at (415) 749-4729. The proposed renewal Title V Permit and Statement of Basis are also available on the District's webpage at the following address: <http://www.baaqmd.gov/Divisions/Engineering/Public-Notices-on-Permits.aspx>. Written comments should be directed to Thu Bui, at the Bay Area Air Quality Management District, 939 Ellis Street, San Francisco, CA 94109 or by email to [tbui@baaqmd.gov](mailto:tbui@baaqmd.gov). Any request for information should be directed to Thu Bui at (415) 749-5119.

Dated at San Francisco, the 30th day of July, 2009.

Signed by Jeff Mckay for Jack P. Broadbent
