Instructions: Autobody Form

Introduction Use the following instructions to help guide you through the *Autobody form*.

Who should use this form? This form should be submitted for all requested physical changes proposed for your Autobody Facility. Some common physical changes include but are not limited to:

- Adding a spray booth
- Increasing solvent consumption

A *Permit Application Cover form* must accompany this form

What activities at Autobody facilities do not require this form? The following activities at Autobody facilities do not require a permit application:

- Shutdown of a spray booth (please use the Facility Information Update form)
- Autobody facilities typically do not require CEQA or PSD analysis.

Facility Information **BAAQMD Facility ID** - If you are an existing facility, fill out this field so that BAAQMD can associate your changes to your facility. The facility ID is available on your permit or invoice issued by BAAQMD.

General Information **Device/Operation Name** – This is the name you associate to this spray booth.

Initial/proposed date of operation – For new construction, enter the date that you propose will be the initial date of operation. For a modification/alteration of an existing permitted Autobody source, enter the date that you propose the changes to occur. For an existing Autobodies that are not currently permitted by BAAQMD, enter the date for which the spray booth initially operated.

Device or Operation Description – This is your description of the device or operation. This field can be used to distinguish it with other similar devices (e.g. ID numbers, location), make, model and other similar information.

Material Used List the amount of solvent used at the Autobody facility. For new facilities, use an estimate of anticipated solvent consumption.

Payment

An Initial fee, Permit to Operate fee and Filing fee must be paid. Additional fees may apply and are subject to change. Please refer to Regulation 3, Schedule E – Fees for more details. The table below lists the most common fees depending on solvent and clean up solvent consumption:

Solvent Consumption (gallons)/Clean up Solvent Consumption (gallons)

	800/300	2000/300
Initial Fee	\$734	\$2948
Permit to Operate Fee	\$529	\$1468
Filing Fee	\$474	\$474
	TOTAL	TOTAL
	\$1737*	\$4890*

* A Risk Screening Fee may apply for new and modified sources of toxic air contaminants for which a health risk screening analysis is required under Regulation 2-5-401.

Fees can be paid by check or credit card (Visa & Mastercard).
