Subject: comments RCEC

Weyman,

I would like to add to my comments. I made my comments based primarily on the first SOB. My understanding from our conversation is that the second SOB only changed the address. If there are other changes between the first or second SOB I object to the changes and require an opportunity to comment on any changes.

I also contend that the name of the project is inherently deceptive it is not in Russell City it is in the City of Hayward and that the public and associated agencies were not provided an accurate description of the site or planned project.

Table 3 on page 103-104 is incomprehensible to this member of the public no basis or explanation of what the figures mean is provided. other tables are also incomplete and deceptive.

Rob Simpson
