Subject: Support for Russell City Energy Center

September 15, 2009

Mr. Weyman Lee, P. E.
Senior Air Quality Engineer
Bay Area Air Quality Management District
939 Ellis Street
San Francisco, CA 94109
weyman@baaqmd.gov

I support the proposal to bring Russell City Energy Center to Hayward. The project will increase our city's diminishing tax base, helping to fund local government programs, including police, fire, paramedic and street maintenance services. As a long-time resident of Hayward and former Hayward Chief of Police and Alameda County Sheriff for 20 years, I know how critical these funds are.

The construction of Russell City Energy Center will drive economic growth and create jobs for our local residents and businesses. Clearly this project means economic aid to Hayward at a time we need it most.

I am satisfied that after an extensive review process, Russell City Energy Center meets or exceeds all environmental requirements. Time is overdue to bring this power plant on line for the people of Hayward and the Bay Area.

Sincerely,

Charles C. Plummer

Ret. Alameda County Sheriff & Hayward Resident
