Subject: NO on Russell City Energy Center

Dear Mr. Lee:

I respectfully say NO to the construction of the proposed Russell City Energy Center. As an employee of Chabot College, a resident of West Hayward (where my child attends school) and a citizen of Hayward, I say NO to a facility which will produce pollutants in my neighborhood and work site - ground zero for the highest concentration of toxic chemicals that would be produced by this center.

I urge you to do everything in your power to prevent the construction of this center.

Sincerely,
Catherine Powell
