Subject: Request for Administrative Amendment to Title V Permit, Plant A0018

Hi Craig,

Please find attached a letter requesting an administrative amendment to the current Title V permit and the Permit to Operate for Contra Costa Power Plant (Facility ID No. A0018). The administrative amendment is to incorporate a condition in both of the permits which establishes a date for the shut down and permanent retirement of Units 6 and 7 (Boilers 9 and 10), subject to certain approvals. The original letter which has been signed by the Responsible Official, will follow shortly.

Please let me know if you have any questions or need anything else for the administrative amendment.

Thanks,

Re: Contra Costa Power Plant Title V Permir and Bay Area Air Quality Management District Permit to Operate (ID No. A0018)

Dear Mr. Ullery:

Mirant Delta, LLC submits this letter to request administrative amendments to the current Title V Permit and Bay Area Air Quality Management District Permit to Operate for the Contra Costa Power Plant. We request that the following condition be incorporated into both permits:

"Subject to: (i) receipt of final, non-appealable California Public Utilities Commission approval of the Tolling Agreement for Units 6 and 7 at the Contra Costa Power Plant by and between Mirant Delta, LLC and Pacific Gas and Electric Company and dated as of September 2, 2009, as amended from time to time, without material condition or modification unacceptable to either party thereto in its sole discretion; and (ii) the receipt of all other approvals and consents from the relevant local, state and federal governmental agencies (including but not limited to the California Independent System Operator) necessary for the shutdown and permanent retirement from service of Units 6 and 7; Mirant Delta, LLC will shut down and permanently retire Units 6 and 7 from service at 2400 PDT on April 30, 2013."

Please contact Tom Bertolini with any questions at (925) 427-3503.

Sincerely,

James P. Garlick
