**California Air Resources Board**  
P.O. Box 2815  
Sacramento CA 95812

Re: Marsh Landing Generating Station, Antioch, CA  
BAAQMD Application 18404

Dear Mr. Tollstrup:

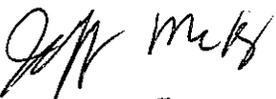

The District has prepared a Final Determination of Compliance (FDOC) for the proposed Marsh Landing Generating Station.

The proposed Marsh Landing Generating Station consists of four Siemens 5000F simple-cycle gas turbines, two natural gas fired preheaters, and associated equipment. The proposed facility would be a 760 megawatt natural-gas-fired power plant located at a site adjacent to the existing Mirant Contra Costa Power Plant and near the Gateway Generating Station located on Wilbur Avenue near Antioch, CA.

The enclosed revised FDOC summarizes how the facility will comply with applicable air quality regulations, including BACT and emission offset requirements. The FDOC has satisfied the public notice and 30-day public comment requirements of District Regulations 2-2-405 and 406.

If you have any questions regarding this matter, please contact Brian K Lusher, Senior Air Quality Engineer, at (415) 749-4623 (blusher@baaqmd.gov).

Sincerely,

  
A Jack P. Broadbent  
Executive Officer/APCO
