

BAY AREA
AIR QUALITY
MANAGEMENT

PUBLIC NOTICE

August 9, 2012

TO: Parents or guardians of children enrolled at the following school(s):

Mill Valley Middle School

All residential and business neighbors located within 1,000 feet of the proposed new or modified source of air pollution listed below.

FROM: Bay Area Air Quality Management District

RE: Permit Application #201578 for the following source(s) of air pollution:

**Gasoline Dispensing Facility
Mill Valley Gas & Mart
630 E. Blithedale Ave.
Mill Valley, CA 94941**

The Bay Area Air Quality Management District (the "District") is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source.

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source of air pollution. A description of the proposed project follows:

An increase in the annual throughput limit of a gasoline dispensing facility operated at 630 E. Blithedale Ave, Mill Valley, CA 94941.

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at:
