

BAY AREA
AIR QUALITY
MANAGEMENT
DISTRICT

PUBLIC NOTICE

February 7, 2012

TO: Parents or guardians of children enrolled at the following school:

Windsor Christian Academy

All residential and business neighbors located within 1,000 feet of the proposed new source of air pollution listed below.

FROM: Bay Area Air Quality Management District

RE: Permit Application #22225 for the following source of air pollution:

**Gasoline Storage Tank abated by Carbon Canister System
Pick-n-Pull Auto Dismantlers
10475 Old Redwood Highway
Windsor, CA 95492**

The Bay Area Air Quality Management District (the “District”) is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source(s) of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source(s).

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source of air pollution. A description of the proposed project follows:

Pick-n-Pull Auto Dismantlers has applied for an Authority to Construct and/or Permit to Operate a Gasoline Storage Tank that will be abated by a Carbon Canister System. The tank will be used to store recovered gasoline from salvage automobiles. No gasoline will be dispensed at this location.

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at:

<http://www.baaqmd.gov/Divisions/Engineering/Public-Notices-on-Permits.aspx>

PUBLIC COMMENT PERIOD

There is a 30-day period for public response to this proposal. If you wish to comment on the proposed project, you may do so in writing or by e-mail. Alternatively, you may call and leave a telephone message up to one minute in length. Please leave your name and telephone number so that a District staff member may respond to your message.

Please use the following contact information if you would like to comment on the proposed project:
