Re: **Southern Energy Delta, L.L.C., Pittsburg Power Plant– Facility #A0012**
Administrative Permit Amendment

Dear Mr. Gouveia:

This is to advise you that the Bay Area Air Quality Management District has decided to issue an administrative permit amendment to the Major Facility Review Permit for your facility, Southern Energy Delta, Pittsburg Power Plant (Facility Number A0012).

The purpose of the administrative amendment is to change the submittal dates for the monitoring reports and the compliance certifications so that the reporting and certification periods end at the end of the month. At the same time, the language in paragraphs I.F and I.G will be changed to the current language.

A final copy of the modified Major Facility Review Permit is enclosed for your information. If you have any questions on this matter, please call **Weyman Lee, Air Quality Engineer II, at (415) 749-4708.**

Very truly yours,

Ellen Garvey
Executive Officer/
Air Pollution Control Officer
