Erin Garner
Liz Kniss
Patrick Kwok
Julia Miller

SOLANO COUNTY

John F. Silva

SONOMA COUNTY

Tim Smith
Pamela Torliatt

Jack P. Broadbent

**EXECUTIVE
OFFICER/APCO**

Facility #	Facility Name	Address, City	Type of Operation
A0016	ConocoPhillips – San Francisco Refinery	1380 San Pablo Ave. Rodeo, CA 94572	Petroleum Refinery

The purpose of the reopening is to make throughput conditions for furnaces in BAAQMD Condition 1694, part A.1, federally enforceable and to delete inaccurate citations from 40 CFR 60, Subparts VV and QQQ.

The District sent the formal notice of reopening pursuant to BAAQMD Regulation 2-6-415 on December 16, 2004. The District invited public comment on the proposed changes to the permit and on changes made to the draft permit published February 1, 2005. The notice was published in the Contra Costa Times on February 15, 2004. The final date for comments was March 15, 2005. The District received comments from Pillsbury Winthrop on the facility's behalf and on behalf of ChevronTexaco and Valero Refining.

The minor revisions pursuant to Application 10871 are also being issued. EPA has not commented on these revisions.

The District has decided to issue the Major Facility Review Permit. Enclosed are copies of the final permit, the comments, and the responses to comments. If you have any questions regarding this project, please call Steve A Hill, Air Quality Engineering Manager, at (415) 749-4673.

Sincerely,

Jack P. Broadbent
Executive Officer/Air Pollution Control Officer
