Re: Comments on Reopening of ConocoPhillips' Title V permit, Application 11699

Dear Mr. Farabee:

The requirements for public and EPA review of the following proposed reopening to a Major Facility Review Permit have been completed:

ALAMEDA COUNTY

Roberta Cooper
Scott Haggerty
Nate Miley
Shelia Young

Facility #	Facility Name	Address, City	Type of Operation
A0016	ConocoPhillips – San Francisco Refinery	1380 San Pablo Ave. Rodeo, CA 94572	Petroleum Refinery

CONTRA COSTA COUNTY

Mark DeSaulnier
Mark Ross
(Secretary)
Michael Shimansky
Gayle B. Uilkema
(Vice-Chairperson)

The purpose of the reopening was to make throughput conditions for furnaces in BAAQMD Condition 1694, part A.1, federally enforceable and to delete inaccurate citations from 40 CFR 60, Subparts VV and QQQ.

MARIN COUNTY

Harold C. Brown, Jr.

The District sent the formal notice of reopening pursuant to BAAQMD Regulation 2-6-415 on December 16, 2004. The District invited public comment on the proposed changes to the permit and on changes made to the draft permit published February 1, 2005. The notice was published in the Contra Costa Times on February 15, 2004. The final date for comments was March 15, 2005. The District received comments from J. Michael Rockett of your firm on behalf of ConocoPhillips and comments from you on behalf of ChevronTexaco, and Valero Refining. No other comments were received.

NAPA COUNTY

Brad Wagenknecht

SAN FRANCISCO COUNTY

Chris Daly
Jake McGoldrick
Gavin Newsom

The comments state that BAAQMD Condition 1694.A.1 (throughput limits for heaters) should not be made federally enforceable. EPA has determined that this condition is federally enforceable and formally objected to the permit that was issued on December 16, 2004, to compel the District to designate these limits as federally enforceable. After considering the analyses provided by EPA in its objection letter and by you in your comment letter, the District has determined that ConocoPhillips has not provided sufficient information to establish that the condition is not federally enforceable as to any specific source.

SAN MATEO COUNTY

Jerry Hill
Marland Townsend
(Chairperson)

SANTA CLARA COUNTY

Erin Garner
Liz Kniss
Patrick Kwok
Julia Miller

The District has decided to issue the Major Facility Review Permit. The final permit will be posted on the District's website shortly. If you have any questions regarding this project, please call Steve A Hill, Air Quality Engineering Manager, at (415) 749-4673.

Sincerely,

Jack P. Broadbent
Executive Officer/Air Pollution Control Officer

SOLANO COUNTY

John F. Silva

SONOMA COUNTY

Tim Smith
Pamela Torliatt

Jack P. Broadbent
**EXECUTIVE
OFFICER/APCO**
