The 30-day public comment period on the proposed renewal permit ended on April 14, 2011 and the 45-day EPA review period ended on August 4, 2011. There were no comments received from the EPA.

The only difference between the permit that was proposed to EPA and the final permit is that the minor revisions that were proposed on March 8, 2011 and issued on May 23, 2011 have been included in the final permit.

The final permit can be viewed and/or downloaded on the BAAQMD website at <http://www.baaqmd.gov/Divisions/Engineering/Title-V-Permit-Programs/Title-V-Permits.aspx> . We will also send the final permit to you via the Electronic Permit Submittal System. If you have any questions regarding this permit, please call Barry Young, Air Quality Engineering Manager, at (415) 749-4721.

Very truly yours,
