Dear Ms. Jordan:

This is to advise you that the Bay Area Air Quality Management District is proposing minor revisions to the Major Facility Review Permit for Phillips 66 – San Francisco Refinery and is submitting the proposed permit to EPA for review.

The purpose of this permit revision is to incorporate permit revisions associated with a consent decree (Title V application 24692) and condition changes that were issued under NSR applications 25621 and 26021. The proposed revisions are described in the attached Statement of Basis.

Because the proposed revision is minor pursuant to BAAQMD Regulation 2-6-215, it is not subject to public comment and the final permit will be issued after the 45-day EPA review period has ended.

The proposed Major Facility Review Permit and the Statement of Basis can be viewed on the BAAQMD website at:

<http://www.baaqmd.gov/Divisions/Engineering/Title-V-Permit-Programs/Title-V-Permits.aspx>. We will also send the documents to you via the Electronic Permit Submittal System. If you have any questions regarding this project, please contact Dennis Jang, Senior Air Quality Engineer, at (415) 749-4707 or djang@baaqmd.gov.

Sincerely,
