Subject: Lehigh Southwest Cement Company

Mr. Bui,

I am writing this email in response to the proposed renewal title V permit for Lehigh Southwest Cement Company. Lehigh Southwest Cement has been the biggest source of pollution at Cupertino. The amount of mercury emission from Lehigh Southwest Cement is one of the highest in the nation. I would urge Bay Area Air Quality Management District to enforce the law and make sure that the pollution from Lehigh Southwest Cement does not exceed the standard.

Thank you!

Simon Lee
