Subject: Lehigh Cement

Greetings Thu,

We got your name from Joe Slamovich as the case manager working on air issues for the Lehigh Cement facility in Cupertino. We are also going to be spending a fair amount of time later this year reviewing (and potentially acting on) the water quality issues at the site. We thought it would be useful to keep each other posted on what we are doing.

Would you please copy us on correspondence you generate related to Lehigh? We'll do the same.

Thanks,  
Christine
