Subject: Lehigh Southwest Cement Co.

Ms. Bui,

I am disturbed that this company seems to be expanding more and more. You can see the definite hillside destruction clearly from the Gate of Heaven cemetery. The number of trucks that service both them and the quarry further up at Stevens Creek is unbelievable.

I believe that the pollution caused by these two companies is creating a big health problem. We have lived in this area since 1953 and so were here before they were creating serious problems.

I would like to see something done to stop the expansion of the cement company and the reduction of the trucks on the highway.

I would also like to see a tighter control on the emission standards for the sake of all the residents in the area.

Thank you.

Joan Williams
