The District has made a preliminary decision to issue the renewal Major Facility Review Permit, but the final decision on the permit issuance will consider public and EPA comments on the proposed permit. The notice inviting written public comments will be published in the Oakland Tribune. The final date for members of the public to submit comments is March 9, 2012.

The initial Title V permit for this facility was issued on March 5, 2002. A description of any subsequent revisions to the permit can be found in Section XI of the permit entitled "Revision History". All proposed changes to the current permit are shown in strikeout/underline format.

The proposed permit and statement of basis can be viewed on the BAAQMD website at: <http://www.baaqmd.gov/Divisions/Engineering/Title-V-Permit-Programs/Title-V-Permits.aspx>. We will also send the documents to you via the Electronic Permit Submittal System. If you have any questions regarding this project, please call Dennis T. Jang, Senior Air Quality Engineer, at (415) 749-4707.

Very truly yours,
