EXECUTIVE OFFICER/APCO

Dear Ms. Jordan:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permit for Redwood Landfill, Inc. and is submitting the permit to EPA for review.

The purpose of this minor permit revision is to incorporate a new recycling operation into the Title V permit for this site. The S-63 Dry Waste Material Recovery Facility and A-63 Water Sprays were issued an Authority to Construct pursuant to District new source review permit application 22889. This equipment will sort out the recyclable materials from construction and demolition debris and other dry waste streams. The proposed revisions are described in the Statement of Basis.

Because the proposed revision is minor pursuant to BAAQMD Regulation 2-6-215, it is not subject to public comment and the final permit will be issued after the 45-day EPA review period has ended.

The proposed Major Facility Review Permit and the Statement of Basis can be viewed on the BAAQMD website at:

<http://www.baaqmd.gov/Divisions/Engineering/Title-V-Permit-Programs/Title-V-Permits.aspx>. We will also send the documents to you via the Electronic Permit Submittal System. If you have any questions regarding this project, please contact Dennis Jang, Senior Air Quality Engineer, at (415) 749-4707 or [djang@baaqmd.gov](mailto:djang@baaqmd.gov).

Sincerely,

Signed by Jeff McKay for Jack P. Broadbent
