Re: Cancellation of the Title V permit for Facility A1209, Union Sanitary District

Dear Ms. Jordan:

This is to inform you of the cancellation of the Major Facility Review (Title V) permit for Union Sanitary District.

As a result of our review of Union Sanitary District's application for a synthetic minor operating permit we determined that the facility's potential to emit does not exceed any major source thresholds for criteria pollutants, hazardous air pollutants, or greenhouse gases. Therefore, Union Sanitary District is not subject to Title V permitting requirements and does not require a Title V permit or a synthetic minor operating permit to avoid Title V permitting requirements. Accordingly, we are canceling the Title V permit for this facility.

The cancellation of the Title V permit is effective as of the date of this letter. The District will also notify the California Air Resources Board and the facility in writing of this permit action. A copy of the potential to emit determination is enclosed.

If you have any questions regarding this matter, please call Dennis Jang, Senior Air Quality Engineer, at (415) 749-4707.

Sincerely yours,
Jack P. Broadbent
Executive Officer/APCO
