Dear Ms. Jordan:

This is to advise you that the Bay Area Air Quality Management District is issuing an administrative amendment to the Major Facility Review Permit for the Cypress Amloc Land Company, Inc. (Facility Number A1364).

MARIN COUNTY
Harold C. Brown, Jr.

The purpose of this amendment is to correct typographical errors in Table II-B, Condition # 16884, Part 12, and Table VII-A, which are related to the effective date of the new combustion zone temperature limit for the flare. The reopening issuance date (11/1/04) should have been added to these sections of the MFR Permit. In addition, the District contact for this site has changed, and the title page has been corrected.
