EXECUTIVE OFFICER/APCO

Dear Ms. Jordan:

The District has completed its evaluation of the application for renewal of the Major Facility Review Permit for the following facility:

Application Number	Facility Number	Facility Name	Address	Type of Operation
21629	A1629	Cardinal Cogen, Inc.	Campus and Jordan Way Palo Alto, CA 94305	Cogeneration of Electricity and Steam

The District has made a preliminary decision to issue the renewal Major Facility Review Permit, but the final decision on the permit issuance will consider public and EPA comments on the proposed permit. The notice inviting written public comments will be published in the Mercury News. The final date for members of the public to submit comments is November 28, 2012.

The initial Title V permit for this facility was issued on May 11, 1998 and renewed on August 24, 2005. A description of any subsequent revisions to the permit can be found in Section X of the permit entitled "Revision History". All proposed changes to the current permit are shown in strikeout/underline format.

The proposed permit and statement of basis can be viewed on the BAAQMD website at: <http://www.baaqmd.gov/Divisions/Engineering/Title-V-Permit-Programs/Title-V-Permits.aspx>. We will also send the documents to you via the Electronic Permit Submittal System. If you have any questions regarding this matter, please call Dennis T. Jang, Senior Air Quality Engineer, at (415) 749-4707.

Very truly yours,

Signed by Jeff McKay for Jack P. Broadbent
