

COMPLIANCE AND ENFORCEMENT DIVISION

OFFICE MEMORANDUM

March 29, 2004

TO: BRIAN BATEMAN, DIRECTOR, ENGINEERING DIVISION

FROM: KELLY WEE, DIRECTOR OF ENFORCEMENT

SUBJECT: REVIEW OF COMPLIANCE RECORD OF:

MARTINEZ COGEN LIMITED PARTNERSHIP (SITE #A1820)

Background

This review was initiated as part of the District evaluation of an application by Martinez Cogen Limited Partnership (MCLP) for a Title V Permit Renewal. It is standard practice of the Compliance and Enforcement Division to undertake a compliance record review in advance of a renewal of a Permit to Operate. The purpose of this review is to assure that any non-compliance problems identified during the prior permit term or twelve months have been adequately addressed. Additionally, the review is intended to recommend such additional permit conditions and limitations as may be necessary to reasonably assure on going compliance.

Finding

The Enforcement Division staff has commenced a review of the records for the MCLP for the period of January 1, 2003 to December 31, 2003. During this review period, MCLP District's activities known to the District include:

No Notices of Violation (NOV) has been issued to this facility within the past year.

No complaints were received.

No breakdowns, inoperative monitors, or excesses have occurred.

This facility is currently not under a variance or an abatement order.

In addition staff reviewed MCLP Compliance Certifications for 2000–2004.

Conclusions

The Compliance and Enforcement Division finds that ongoing compliance can be reasonably assured for this facility, due to the above record.
