This is to advise you that the Bay Area Air Quality Management District is issuing a minor revision to the Major Facility Review (Title V) Permit for Sonoma County Central Landfill (Facility # A2254) pursuant to Application #14592.

MARIN COUNTY
Harold C. Brown, Jr.

The District proposed a minor permit revision for this facility on January 7, 2008. The primary purpose of the revision is to add the Pilot Scale Landfill Gas Compression Plant S-15 to the permit; and to modify permit conditions to reflect alternative wellhead standards and recent landfill gas collection system construction activities. This revision consolidates permitting activities reviewed and approved under BAAQMD Permit Applications #14593, 16497, and 16582.

NAPA COUNTY
Brad Wagenknecht
(Secretary)

No comments were received from the EPA or ARB, but the facility has requested minor administrative corrections to the permit. These changes are reflected in the final version of the permit.
