Dear Mr. Broadbent:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permit for Browning-Ferris Industries of CA, Inc. (Facility Number A2266) and is submitting the permit to EPA for review.

The following revisions have been made to the permit:

- Correction to the description of the current gas collection system for S-1 in Table II-A and in Permit Condition #10164, Part 15.a
- Addition of Part 15.b, which describes approved expansions of the gas collection system in the lower canyon fill area, to Permit Condition #10164 and to Table IV-A
- Non-substantive text revisions to Condition #10164, Parts 14 and 15
- Correction of the basis for Condition #10164, Part 15

All changes are clearly shown in strikeout/underline format.

The District will issue the permit after the EPA 45-day review period is over and after addressing any EPA comments.
