Subject: Minor Revision to Major Facility Review Permit for Browning-Ferris Industries of CA, Inc.

Dear Ms. Jordan:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permit for Browning-Ferris Industries of CA, Inc., Facility Number A2266, and is submitting the permit to EPA for review.

The main purpose of this minor permit revision is to modify permit conditions for the landfill to allow for an expansion of the landfill gas collection system into recently filled areas. The District is also proposing to modify permit conditions at the landfill to clarify the applicability of the existing VOC-laden soil limitations. These actions will not result in any emission increases.

This revision is minor pursuant to BAAQMD Regulation 2-6-215 and will be effective immediately. The permit will be formally re-issued after EPA review. This revision is not subject to public comment and therefore, requires no public notice.

A copy of the proposed revisions to the Major Facility Review Permit and the statement of basis for these revisions are enclosed for your review. If you have any questions on this matter, please call **Steve Hill, Air Quality Engineering Manager, at (415) 749-4673.**

Sincerely,

Jack Broadbent
Executive Officer/Air Pollution Control Officer
