Dear Ms. Jordan:

This is to advise you that the Bay Area Air Quality Management District is issuing a minor revision to the Major Facility Review Permit for City of Palo Alto Landfill (Facility # A2721).

The District proposed a minor permit revision for this facility on January 6, 2004. The following changes were included in the proposed permit.

- Corrected the peak waste disposal limit in Condition # 1028, Part 1a and Tables II-A and VII-A based on the existing Solid Waste Facility Permit for the landfill.
- Added text to Condition # 1028, Part 7 that describes the proposed vertical wells for which that the District is planning to issue an Authority to Construct.
- Corrected typographical errors in Condition # 1028, Part 12 and Table VII-A.
- Added Section X Revision History and revised subsequent section numbers.

No comments on this proposed minor revision were received from EPA or the facility. The District has made the following additional administrative revision to this permit.
