Dear Ms. Jordan:

This purpose of this letter is to notify you that the Title V permit for the facility cited above has been cancelled. This facility was issued a renewed Title V permit on October 23, 2006. According to the attached letter from Ilya Olshan of Hubbell Lenoir City dated May 19, 2009, the facility shut down on May 12, 2009. The District permits have been cancelled as of that date.

The cancellation is effective as of the date of this letter. We are also cancelling the minor revision that was proposed on February 5, 2008, pursuant to Application 17059.

The District will also notify the California Air Resources Board and the facility in writing that the permit and minor revision have been cancelled.

If you have any questions regarding this matter, please call Barry Young, Air Quality Engineering Manager, at (415) 749-4721.

Sincerely yours,

---

Jack P. Broadbent  
Executive Officer/APCO
