The District has made a preliminary decision to issue the Major Facility Review Permit, but the final decision on the permit issuance will consider public and EPA comments on this permit. The notice inviting written public comments will be published in the Contra Costa Times. The final date for comments is December 17, 2007.

The initial Title V permit for this facility was issued on September 20, 2001. The permit has since been revised five times; this proposed permit renewal represents the sixth revision. Details of the previous revisions can be found in Section X of the permit "Revision History". All changes to the most recent version of the permit are clearly shown in ~~strikeout~~/underline format.

The proposed permit and statement of basis can be viewed on the BAAQMD website at [http://www.baaqmd.gov/pmt/title\\_v/public\\_notices.htm](http://www.baaqmd.gov/pmt/title_v/public_notices.htm). We will also send copies of these documents to you via the Electronic Permit Submittal System. If you have any questions regarding this project, please call Dennis T. Jang, Senior Air Quality Engineer, at (415) 749-4707.

Very truly yours,

Signed by Jack P. Broadbent
