Dear Mr. King:

This is to advise you that the Bay Area Air Quality Management District is issuing an administrative amendment to the Major Facility Review permit for your facility.

The purpose of this administrative amendment is to incorporate District-approved revisions to non-federally enforceable toxic air contaminant permit limits and to update the description of the gas collection system for this landfill.

Enclosed is a copy of the final permit. If you have any questions regarding this administrative amendment, please call Carol S. Allen, Supervising Air Quality Engineer, at (415) 749-4702 or fax at (415) 749-5030.

Sincerely yours,

Signed by Jaime A. Williams
