BAY AREA  
AIR QUALITY  
MANAGEMENT  
DISTRICT

Ms. Deborah Jordan  
Director, Air Division  
**United States Environmental Protection Agency**  
75 Hawthorne Street  
San Francisco, CA 94105

Subject: Proposed Minor Revision to the Major Facility Review Permit for  
Republic Services Vasco Road, LLC, Facility #A5095, Application #25908

Dear Ms. Jordan:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permit for Republic Services Vasco Road, LLC and is submitting the permit to EPA for review.

The purpose of this minor permit revision is to incorporate permit condition changes that will allow landfill gas to be diverted to an off-site energy plant, clarify operating requirements for the on-site landfill gas flare, modify the landfill gas collection system description, and allow specific landfill gas collection system components to operate on an intermittent basis. The District is adding new applicable requirements related to less than continuous operation of the landfill gas collection and control systems. These condition changes do not result in any emission increases and do not change any monitoring provisions.

Because the proposed revision is minor pursuant to BAAQMD Regulation 2-6-215, it is not subject to public comment and the final permit will be issued after the 45-day EPA review period has ended.

The proposed Major Facility Review Permit and the Statement of Basis can be viewed on the BAAQMD website at:  
<http://www.baaqmd.gov/Divisions/Engineering/Title-V-Permit-Programs/Title-V-Permits.aspx>. We will also send the documents to you via the Electronic Permit Submittal System. If you have any questions regarding this project, please contact Dennis Jang, Senior Air Quality Engineer, at (415) 749-4707 or [djang@baaqmd.gov](mailto:djang@baaqmd.gov).

Sincerely,

Signed by Jeff McKay for Jack P. Broadbent
