

NOTICE INVITING WRITTEN PUBLIC COMMENTS

NOTICE is hereby given that the Air Pollution Control Officer of the Bay Area Air Quality Management District (District) is reopening the Major Facility Review Permit for the following facility:

Application	Facility #	Facility Name	Address, City	Type of Operation
None	A7974	Western Fiberglass, Inc.	1555 Copperhill Pkwy Santa Rosa, CA 95403	Fiberglass/ Resin Operation

The purpose of the reopening is to delete the case-by-case MACT determination requirements and to add the requirements of the following National Emission Standard for Hazardous Air Pollutants (NESHAPS) in their place: 40 CFR 63, Subpart WWWW, Reinforced Plastic Composite Production.

This permit was originally issued on July 1, 1997 and renewed on December 19, 2002. EPA promulgated the NESHAPS on April 21, 2003. The District is required to reopen the permit if the facility is subject to a new NESHAPS when the period before renewal is more than 3 years. All changes to the permit are clearly shown in strikeout/underline format.

The reopening is expected to have no impact on emissions.

The Air Pollution Control Officer invites written comment on the proposed changes to the permit. Comments must be received by April 23, 2004. The public may also request a public hearing for this reopening.

Major Facility Review Permits are also subject to review and approval by US EPA. If US EPA has not objected to a proposed permit and District has not addressed a public comment in a satisfactory manner, the public may petition US EPA, Region IX, Operating Permits Section at 75 Hawthorne Street, San Francisco, CA 94105, within 60 days after the end of US EPA's review, to reconsider the decision to not object to the permit. The beginning and end of EPA's review period can be found on EPA Region IX's website at: <http://www.epa.gov/region9/air/permit/epssdata.htm>.

The proposed Major Facility Review permit, and evaluation report/statement of basis are available for public inspection at the District Headquarters, 939 Ellis Street, San Francisco, CA, in the Permit Services Division, 3rd Floor.
