Dear Ms. Jordan:

This purpose of this letter is to notify you that the District is canceling the Title V permit for the facility above.

(Secretary)

This facility was issued a Title V permit on November 1, 1999 because it was a major source of regulated air pollutants. On March 1, 2003, Mr. Lontz, the plant manager, sent a letter to the District asking for cancellation of all District permits except for 5 minor sources: S4, Fuel Oil Tank; S5, Diesel Tank; S38, Propane Tank; S59, Diesel Fire Pump; and S32000, Minor Combustion Sources. The letter also requested cancellation of the Title V permit because the potential to emit has dropped below the Major Source thresholds. The letter is attached.

Harold C. Brown, Jr.

NAPA COUNTY

Since the facility's potential to emit is obviously below the Major Source thresholds, the District is canceling the existing Title V Permit.

SAN FRANCISCO COUNTY

Vacant

The cancellation is effective as of the date of this letter.
