Dear Ms. Jordan:

**MARIN COUNTY**  
Katie Rice

This is to inform you that the District is cancelling the Title V permit for the facility cited above. The Title V permit for this facility was last renewed on March 29, 2011 under application number 14529. A new renewal application was due on September 28, 2015 but was not submitted because all of the engines at this facility have been shutdown. The final remaining source, a landfill gas condensate tank, is exempt from District permit requirements and has been transferred to Guadalupe Rubbish Disposal (facility A3294) that operates the landfill under its own Title V permit.

Eric Mar  
(Vice-Chair)

Because there are no remaining sources operated by this company at this site, the Title V permit has been cancelled, effective the date of this letter. The District has also notified the California Air Resources Board and the facility in writing that the permit has been cancelled.
