Dear Ms. Jordan:

NAPA COUNTY

Brad Wagenknecht

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permit for the Tesoro Refining and Marketing Company, Site Number B2758 & B2759 (Application 11265). The purpose of this minor permit revision is to make the following changes to the Title V permit to reflect recent District permitting activity:

**SAN FRANCISCO
COUNTY**

Chris Daly
Jake McGoldrick
Gavin Newsom

Modify the permit conditions for storage tank S-323 Tank A-323 abated by A-14 Vapor Recovery System to allow the storage of alkylate gasoline blending material. The allowable vapor pressure of material to be stored will be increased from a Reid vapor pressure of 2 psia to 9 psia. The annual throughput limit of material at S-323 will be decreased from 11,000,000 barrels to 2,000,000 barrels per year. A source test condition will be added for A-14 Vapor Recovery System and process heaters to ensure a VOC destruction efficiency of at least 99.5%.
