Subject: Proposed Minor Revision to the Major Facility Review Permit for
Los Esteros Critical Energy Facility, LLC
Facility #B3289, Application No: 24976 and 25872

Dear Ms. Jordan:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permit for Los Esteros Critical Energy Facility, LLC and is submitting the permit to EPA for review.

The purpose of this minor permit revision is to incorporate the following changes that were approved in NSR Application 24977:

- Approval of a spare turbine
- Approval of an alternate fire pump engine
- Changes to monitoring conditions that are not significant and are not a relaxation of monitoring

These changes do not result in any emission increases. The proposed revisions are described in the attached Statement of Basis. Because the proposed revision is minor pursuant to BAAQMD Regulation 2-6-215, it is not subject to public comment.

The proposed Major Facility Review Permit and the Statement of Basis can be viewed on the BAAQMD website at:

<http://www.baaqmd.gov/Divisions/Engineering/Title-V-Permit-Programs/Title-V-Permits.aspx>. We will also send the documents to you via the Electronic Permit Submittal System. If you have any questions regarding this project, please contact Dennis Jang, Senior Air Quality Engineer, at (415) 749-4707 or djang@baaqmd.gov.

Sincerely,
