Regional Public Workshop and Open House for the 2013 Update to the AB 32 Scoping Plan

Tuesday, July 30, 2013

9:30am – 4:30pm

Hotel Nikko Carmel and Monterey Rooms, 3rd Floor

222 Mason St.

San Francisco, CA 94102

Open House (9:30-11:30)

This morning session provides an opportunity to connect one-on-one with staff from the state agencies that are updating the Scoping Plan and working on other state-level climate programs. The Open House will also feature local innovative efforts to achieve long-term GHG reductions.

Presentations and Discussion on the Scoping Plan Update (12:30-4:30)

Join us for a facilitated, interactive discussion with state agency representatives and local experts on California's vision for the 2013 Update, focusing on six major sectors:

- Transportation
- Energy
- Waste
- Water
- Natural lands
- Agriculture

Presentations will provide a brief overview of each sector and summarize some of the major obstacles and opportunities that we face as we move towards our long-range goals. Local experts will discuss how the Bay Area is poised to lead the State in achieving long-term GHG reductions from each of these areas. Facilitated discussion will focus on how state, regional, and local governments, together with businesses and advocacy organizations, can work together to achieve the state's 2050 goals.

Space is limited so please RSVP to reserve your spot and to receive further information about this event:

The purpose of the 2013 AB 32 Scoping Plan Update is to evaluate the performance of the existing Scoping Plan's policies and ensure that California is on track to achieve the 2020 GHG reduction goal. The Update will also define ARB's climate change priorities for the next five years and lay the groundwork to reach post-2020 goals set forth in Executive Order S-3-05.
