METHANE RULE DEVELOPMENT
Systematically Reducing Methane Emissions

**Regulation 13, Rule 2:**
**Organic Material Handling**
- Recordkeeping and Reporting
- Registration and Permitting
- Best Management Practices
  - Stock-pile Management
  - Residency Limits

**Regulation 13, Rule 3:**
**Composting Operations**
- Best Management Practices
- Mitigation Measures
- Control Requirements

Well-Designed and Properly-Functioning Facility

- Research
- Ambient Monitoring
- Emissions Inventory

- CEQA guidelines
  - Rules
  - Permits
  - Enforcement
  - Incentives
  - Guidance + Data

- Larger-scale composting operation
  - stock pile
  - active pile
  - curing pile

- Emissions
- Odors
- Output
- Feedback
