

Public Workshops: Bay Area 2009 Clean Air Plan & CEQA Guidelines Update

The Bay Area Air Quality Management District is hosting workshops to present and seek your input on the Bay Area 2009 Clean Air Plan and the CEQA Guidelines Update. Please join us at one or both sessions.

Bay Area 2009 Clean Air Plan

The purpose of this session is to:

- Present the preliminary outcomes of our all feasible control measures review.
- Discuss a preliminary list of control measures under consideration.
- Discuss development schedule and next steps.
- Receive public input.

The 2009 Bay Area Clean Air Plan will:

- Review air quality progress to date.
- Update the existing air quality plan to reduce ground-level ozone in 2009-2012.
- Develop a control strategy to reduce ozone precursors, while also addressing particulate matter, air toxics, and greenhouse gases in a single integrated plan.

Workshop materials will be posted prior to the workshop on our website:

CEQA Guidelines Update

The purpose of this session is to:

- Review the thresholds of significance report that evaluates various significance threshold options for criteria pollutants, toxics, odors, and greenhouse gas emissions.
- Discuss development schedule and next steps.
- Receive public input.

The CEQA Guidelines update will:

- Provide guidance to lead agencies, consultants, and stakeholders in evaluating air quality impacts and assessing mitigation measures for proposed projects and plans.
- Review, revise, and develop significance thresholds for criteria pollutants, air toxics, odors, and greenhouse gas emissions.
- Update assessment methodologies and mitigation strategies.

Workshop materials will be posted prior to the workshop on our website: <http://www.baaqmd.gov/pln/ceqa/index.htm>
