### ***About the rule***

- Businesses that melt and cast, heat treat or recycle metals produce particulate matter (including dust), odors, and other pollutants that may impact neighbors in close proximity.
- Air District staff has developed a draft new rule that would apply to metal melting and recycling businesses.

### ***Public information and comment opportunities***

- Air District staff welcomes comments and questions about the draft rule before and during the workshops, via phone or e-mail.
- Following the workshops and close of the public comment period, staff will assess public comments regarding the rule and provide notification regarding next steps.
- The deadline for public comments on the draft rule is August 12, 2011.
