Yolanda Thomas (Former Member)	Educator/Faith Leader

Public Process

Consideration of Final BVHP/SESF Community Emissions Reduction Plan

The CSC will consider approving the Community Emissions Reduction Plan (CERP) and then send it to the Air District Board of Directors for consideration of approval. The Community Equity, Health and Justice (CEHJ) Board Committee will hold a public meeting in advance of the Air District Board of Directors meeting to consider a recommendation to the full Board of Directors for the adoption and submission of the CERP to the California Air Resources Board (CARB). Details about these two meetings will be posted publicly on the Air District website.

Accessibility, Translation, and Interpretation

The CSC held meetings at transit-accessible and ADA-compliant locations; a majority of the meetings were hosted at the Southeast Community Center. The Air District translated all CSC meeting materials into Spanish and Chinese and provided additional languages upon request. The Air District also offered interpretation services upon request at all CSC meetings.

Webpage

The [BVHP/SESF CERP](#) webpage includes information about the CSC and the CERP development process:

- All CSC monthly meetings from January 2024 to present with translated materials.
- All meeting materials of CSC monthly meetings are available on the Air District website under News and Event/Calendar and are also located under AB 617 Community Protection Program under Bayview Hunters Point/Southeast San Francisco.
- The contact information for the appropriate staff member is listed at the bottom of all BVHP/SESF CERP webpages.

Outreach materials and distribution:

- All meeting materials were posted 48 to 72 hours before a meeting and sent via e-mail to CSC members before a meeting.

Community Outreach

To encourage public participation in the development of the CERP, staff from Marie Harrison Community Foundation (MHCF), Bayview Hunters Point Community Advocates (BVHPCA), and the Air District hosted public CSC meetings, provided updates to the Air District Board of Directors, and participated in outreach events distributing flyers, participating in discussions about the plan, and engaging with community members to gather feedback and raise awareness.

The summary tables for these events are listed below.

Community Steering Committee (CSC) Meeting Summary Table

The BVHP/SESF CSC met monthly from January 2024 to April 2026, with a few exceptions. All meetings were noticed on the BVHP/SESF CERP webpage prior to the meeting, and all meetings had a quorum of CSC members in attendance. The table below shows the CSC meetings from January 2024 through April 2026.
